Build amazing things

npm is the package manager for JavaScript and the world's largest software registry. Discover packages of reusable code - and assemble them in powerful new ways.

Sign up for npm

npm Orgs is powerful collaboration - for free

- Encourage code discovery and re-use within teams
- Publish and control access to your own namespace

What is npm?

Use npm to install, share, and distribute code;
manage dependencies in your projects;
and share & receive feedback with others.

Install npm

What can you make with 475,000 building blocks?

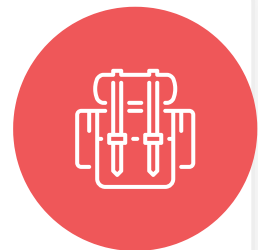

The npm registry hosts almos half a million packages, reusable code - tha largest software registry in the world.

Find
Libraries like
JQuery,
Bootstrap,
React, and

Discovery
packages for
mobile, IoT,
front
end, back, robotics...
